On behalf of the Jackie Joyner-Kersey Foundation, I want to express our sincere appreciation for the transformational partnership we have developed with Day & Night Solar.

Your team worked alongside us to design and implement a solar project that has significantly reduced our operational costs, allowing us to reinvest those savings directly into the programs that serve our youth. Beyond the financial savings, this project has created a hands-on learning platform for our students and community, building awareness and skills in renewable energy and sustainability.

Day & Night Solar has been an invaluable partner, helping us turn our vision for a sustainable future into reality. Day & Night Solar helped us do more than just save on energy costs—they helped us create a legacy of learning and sustainability for our youth and community.

Thank you for your expertise, commitment, and dedication to making this vision possible. We look forward to continued collaboration to build a stronger, healthier, and more sustainable East St. Louis.

Sincerely,

Mark Fryer
CFO
Jackie Joyner-Kersey Foundation
