RE: Day & Night Solar

To Whom It May Concern:

Please accept this letter as my recommendation of Day & Night Solar. I have had the opportunity and pleasure to work with Day & Night Solar over the past several years through a variety of solar projects. The integrity and professionalism of their staff is outstanding, and they clearly understand how to deliver product that meets all the criteria for an established budget. They also know how to create and maintain an atmosphere of cooperation and communication to resolve most issues before they become problems.

We look forward to a continued working relationship between J.F. Electric, Inc. and Day & Night Solar for many years to come.

Sincerely,
